SHADE SOLUTIONS

PRODUCT CATALOGUE 2023

MAC DESIGN GROUP

MAC is a second generation, proudly Australian owned window furnishings manufacturer, supplying custom soft furnishings and window treatments to retailers, interior designers, and wholesalers across the country.

We are a Melbourne based window furnishings Manufacturer specialising in custom curtains and tracks that inspire your vision and bring your interior to life through custom made and standard window treatments. We service both the retail and commercial markets locally and nation-wide.

Exceptional quality and customer satisfaction are the foundations of our company and is the driving force behind all decisions. We pride ourselves on creating high quality Australian made curtains for all Australian spaces.

We're a company that puts our team, state of the art manufacturing, and our clients first.

GENERAL TRACK INFORMATION

MAC curtain tracks have been priced at a per meter price for convenience of quoting efficiently. Each track will include, extrusion, runner/ glide type, end caps, flick stick carrier and where specified the curtain tape, curtain hooks or pendants will be supplied directly to the specified curtain workroom.

OPERATION: All tracks are priced as manual operation only, and the operational requirement will be at an additional cost; refer to Operation Guide (page 5) for operation options.

FLICK STICKS: Control quantity will be based on the opening or the quantity of curtains operating on one length of track; refer to flick stick grid for quantity suited to curtain opening (page 5).

BRACKETS: The per meter price includes the bracket and a cover to suit the spacing of brackets required every 650mm; refer to Product & Componentry (page 17) for Brackets (page 19-20) itemised costing.

COLOURS: Track colours will vary from each design; refer to detail and specification section of track design for colour availability (pages 26-43).

CURTAIN WORKROOMS: MAC provides each curtain track with the requirements for the curtain; curtain heading tape and curtain hanging component (hooks/pendants). Please provide your selected curtain workroom address in the area provided on the order form, for MAC to dispatch directly to the workroom. If you do not require the curtain workroom requirements, please ensure you are selecting 'NO' in the curtain workroom requirements on the order form.

OPERATION GUIDE

All tracks in the Made to Measure pricing are manual hand traverse only, with brackets and end caps included. For the operational requirement, the additional cost will need to be considered when quoting and ordering. When determining the opening of your curtains per curtain track, ensure the quantity requirement is allowed for. Please refer to the Flick Stick Guide below.

FLICK STICK SIZE

COLOUR	DESCRIPTION
Clear	MAC Flick Stick 1M

Black	MAC Cord Block Nylon
White	MAC Warning Tag
Clear	MAC Cord Anchor Cleat 80MM
Clear	MAC Cord Anchor P Clip
White	MAC Standard Runner with Ring Nylon
White	MAC Cord Tensioning Pulley

SPECIAL REQUIREMENTS

Orders will be manufactured to suit the length and width of the opening as a finished size. All measurements are required to be submitted in millimeters.

Angle Bend Tracks: Orders submitted are required to state the back wall measurements or finished (make) size only; and deductions and allowances will be made accordingly. If the curtain will be sitting in front of another window furnishing, please advise the projection of the back wall measurement required. To ensure you are supplying correct measurement details for your order request, please see the [Measuring & Template Guide \(page 9-10\)](#).

Continuous Bend Track: Orders submitted are required to state the back wall measurements or finished (make) size only, submitted with a 'to scale' template to replicate. To ensure you are supplying correct measurement details for your order request, please see the [Measuring & Template Guide \(page 9-10\)](#).

Joins: Tracks can be supplied in a length no greater than 5.8M; depending on your area of location and accessibility, you may request the track to be split. All splits of track lengths will be supplied in equal halves if measurements of split requirements are not specified on order the form.

BENDING GUIDE

MAC offers two bending options: 1) Angle Bends and 2) Continuous Bends. Please see below diagrams for referencing:

ANGLE BEND

CONTINUOUS BEND

The below MAC Tracks are available in the bending options:

TRACK TYPE	ANGLE BEND (90 & 135 DEGREE)	CONTINUOUS
MAC Standard Track	✓	✓
MAC D10	✗	✗
MAC D15	✗	✗
MAC D25	✓	✗
MAC D38	✗	✗
MAC Streamline Track	✓	✓

Price is based on per bend \$65 +GST for Angle Bends; and a per meter rate of \$45 +GST for Continuous Bends.

When submitting an order for a track bend, please ensure you are supplying a detailed diagram drawing of an Angle bend; that reflects all measurements required.

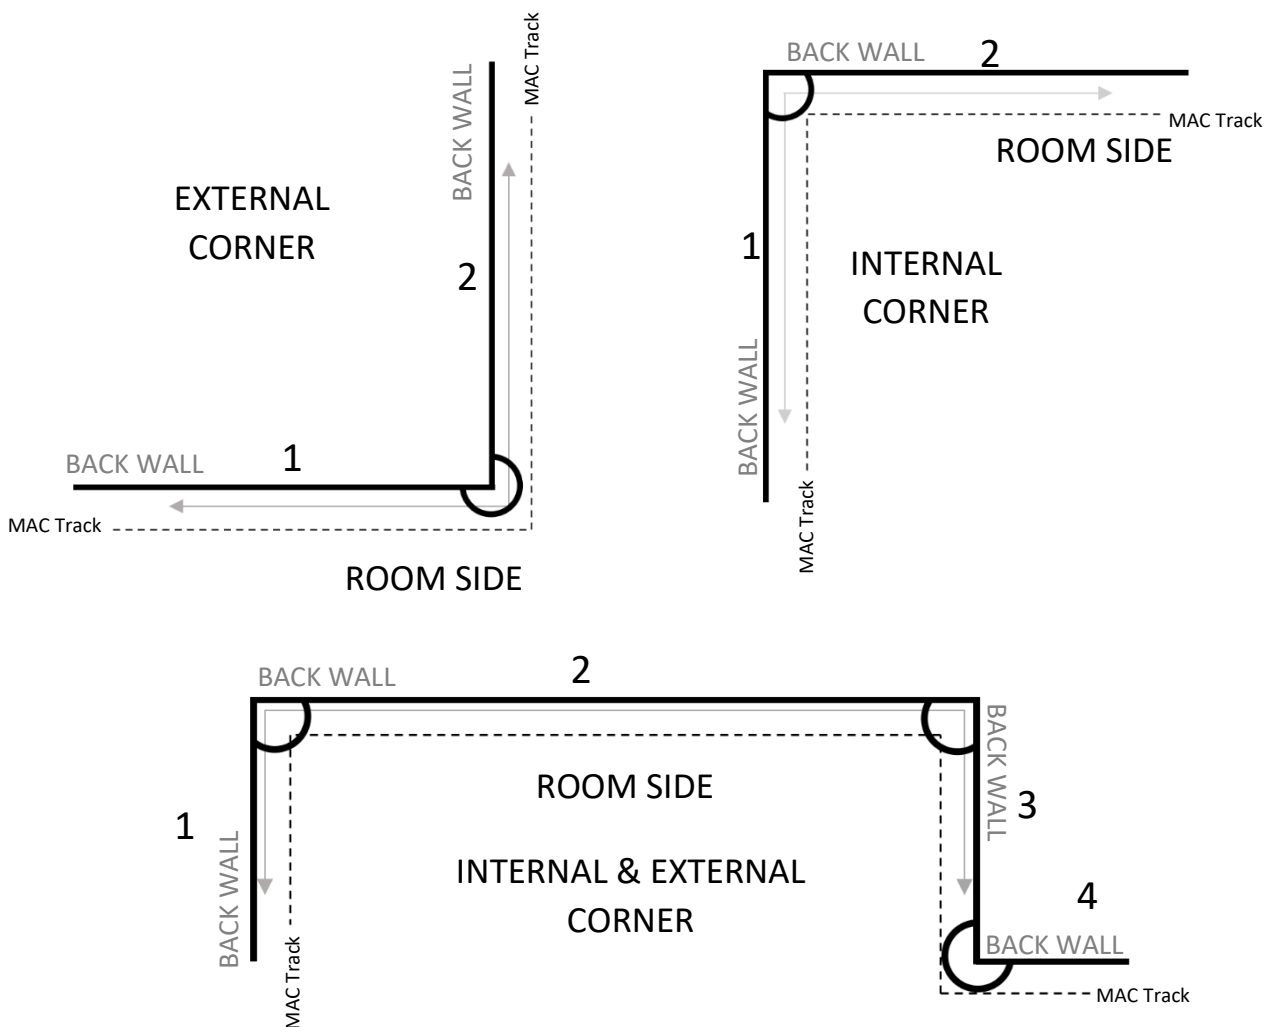

For a continuous bend, a 'to scale' template of the track shaped and length is delivered to MAC to replicate what is required for site. The MAC Team will review the template received prior to commencing an order to ensure it is acceptable to replicate.

MEASURING & TEMPLATE GUIDE

To ensure measurements are obtained correctly based on the shape of window requiring tracks; please review our MAC measuring guide.

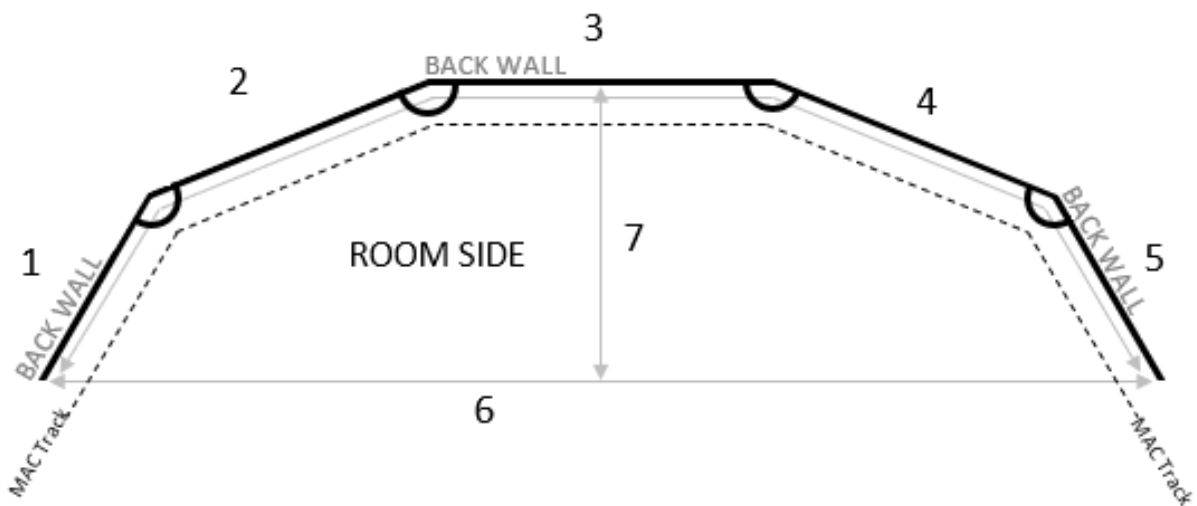

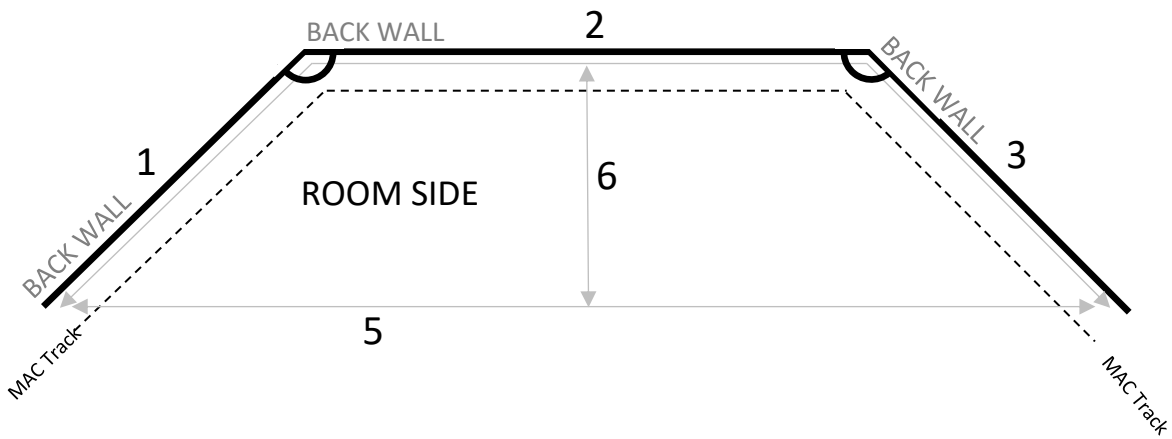

CORNER WINDOWS

Measurements should always be taken from the Back Wall, left to right in any area for track calculations. Numbered areas are where measurements are required in each example diagram.

BAY WINDOWS

Measurements should always be taken from the Back Wall, left to right in any area for track calculations. Numbered areas are where measurements are required which include the Internal Room measurement displayed in the example diagrams.

ORDER FORM

Our MAC Order form is an easy-to-use spreadsheet with drop-down options for selection.

All new orders or order queries to be emailed to orders@macss.com.au

To request a copy of the track order form, please send an inquiry to info@macss.com.au

A photograph of a room corner. The left wall is covered in light-colored wallpaper with a repeating pattern of stylized, feathery or floral motifs. To the right, there are long, white, pleated curtains hanging from a track. In the bottom left corner, a portion of a green upholstered sofa is visible. The overall lighting is soft and even.

PRODUCT & COMPONENTRY

A photograph of a window with light-colored curtains, a grey sofa, and a vase of flowers. The curtains are light-colored with a subtle pattern and are gathered at the top. The sofa is a modern, light grey color. On the sofa, there is a white vase with tall, white flowers and a smaller glass vase with a green plant. The overall scene is bright and airy.
